- It is very important to choose the right course to receive relevant information and opportunities. This field should be updated when the academic year changes or ends. The change is not automatic.
- Once your account is activated, you should create your profile, define your search criteria, and upload your CV. The more complete your profile, the more access you will have to recruiters.
- Depending on the criteria defined, you can receive a daily alert for opportunities that match your profile. You will also receive all communications from the Careers Office to your institutional email.

Job and internship opportunities

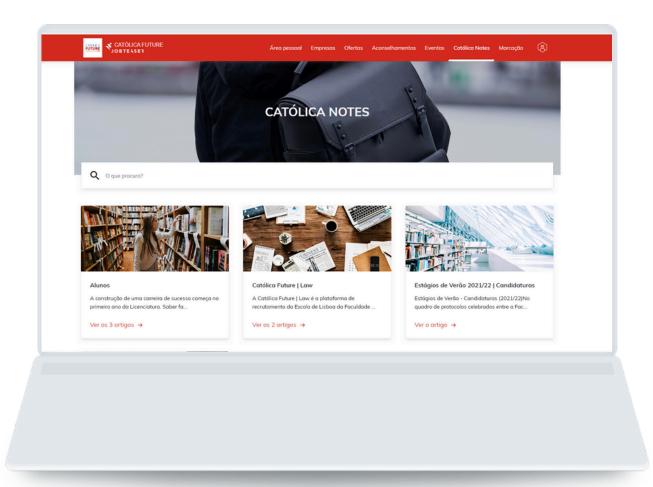

- Access to job/internship offers from UCP partners and the JobTeaser universe, both national and international;
- The available vancancies match the criteria selected when creating the profile. These criteria can be changed while searching for offers.
 - o If you don't find the opportunities you are looking for, we suggest making the criteria less specificl (sometimes recruiters may place an offer with a different label).
- You can set an email alert when an opportunity matches your criteria!
- The monitoring of applications (for offers from UCP partners) can be carried out through the platform.

Meet Católica | Lisbon School of Law recruiters and partners

- Through the portal, it is possible to get to know the law firms, companies, and other partner organizations of UCP, as well as all the partner entities linked to the JobTeaser universe.
- In addition to having access to information on the institutional profiles, in the section "Companies" it is possible to follow each organization to receive updates (events or opportunities disclosed on the portal).

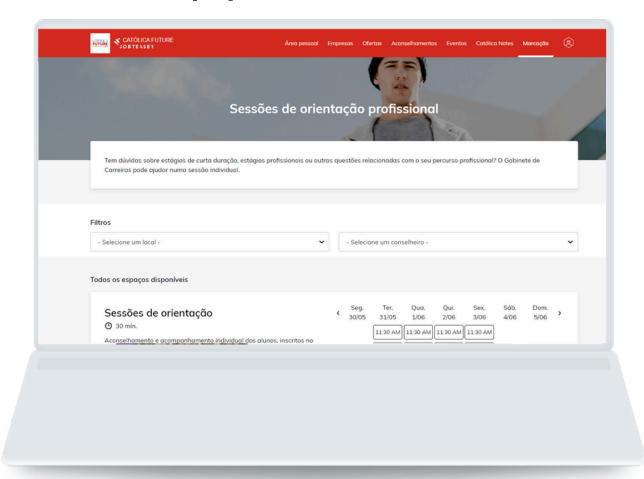

Católica Notes

- The "Católica Notes" section includes supporting documents and valuable information for students and alumni professional integration.
- There are resources such as the Católica | Lisbon School of Law CV template, suggestions for writing a motivation letter, recruitment calendars, and support notes to help students using the platform, among other documents.

Appointments

• The Career Office holds individual guidance sessions, by appointment (exclusive support service for current Bachelor, Master or LL.M. students with active enrollment at the University).
