COORDINATION
COORDINATION

Gaming is expanding globally, and this course will provide the participants with advanced education on the legal and regulatory issues relating to the sports betting industry, with particular emphasis in Europe and the United States.

The instructors and guest speakers are top class experts in the field, and include Distinguished Fellows in Gaming Law, as well as past and present regulators, and C-Suite leading executives in the sports betting industry and ancillary activities, such as sports data.

The course is part of the partnership between Católica – Lisbon School of Law and the Macau-based law firm Rato, Ling, Lei & Cortés | Lektou, with the purpose of innovating and providing the participants with emerging fields of law that require specialization.

Sports Betting requires qualified professionals, and this course offers the chance to a larger understanding of the various areas of the industry which is significantly specialized and developing in a continuous and rapid manner.

WHO WILL BENEFIT

Gaming executives, lawyers, judges, consultants and other professionals or agents who practice or are willing to practice in the sports betting industry.

GOALS

- Provide participants with essential information about sports betting industry, with emphasis on the different structures, laws, and regulations.
- Participants will understand the interpretation and application of laws and regulations, the jargon and legal concepts of sports betting and its insertion in the global gaming industry.
- Participants will develop skills and get access to tools that will be important for their legal practice in the sports betting industry.
